SECTION 1. PRODUCT AND COMPANY IDENTIFICATION

Product name: CALFLO™/MC HTF
Product code: CALHTFDRM, CALHTFDCT, CALHTF, CALHTFBLK

Manufacturer or supplier’s details
Petro-Canada America Lubricants Inc.
115N Oak Park Avenue #1C
Oak Park IL 60301-1366
United States

Emergency telephone number
Suncor Energy: +1 403-296-3000;
Poison Control Centre: Consult local telephone directory for emergency number(s).

Recommended use of the chemical and restrictions on use
Recommended use: CALFLO HTF is a heat transfer fluid recommended for non-pressurized, liquid-phase, closed heat transfer systems.
Prepared by: Product Safety: +1 905-804-4752

SECTION 2. HAZARDS IDENTIFICATION

Emergency Overview
Appearance: viscous liquid
Colour: Colourless to light yellow.
Odour: Mild petroleum oil like.

GHS Classification
Not a hazardous substance or mixture.

GHS Label element
Not a hazardous substance or mixture.

Potential Health Effects
Primary Routes of Entry: Eye contact
Ingestion
Inhalation
Skin contact

Aggravated Medical Condition: None known.

Carcinogenicity:
IARC: No component of this product present at levels greater than or equal to 0.1% is identified as probable, possible or confirmed
human carcinogen by IARC.

**ACGIH**
No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by ACGIH.

**OSHA**
No component of this product present at levels greater than or equal to 0.1% is identified as a carcinogen or potential carcinogen by OSHA.

**NTP**
No component of this product present at levels greater than or equal to 0.1% is identified as a known or anticipated carcinogen by NTP.

### SECTION 3. COMPOSITION/INFORMATION ON INGREDIENTS

**Pure substance/mixture**: Mixture

**Hazardous components**
No hazardous ingredients

### SECTION 4. FIRST AID MEASURES

**If inhaled**
- Move to fresh air.
- Artificial respiration and/or oxygen may be necessary.
- Seek medical advice.

**In case of skin contact**
- In case of contact, immediately flush skin with plenty of water for at least 15 minutes while removing contaminated clothing and shoes.
- Wash skin thoroughly with soap and water or use recognized skin cleanser.
- Wash clothing before reuse.
- Seek medical advice.

**In case of eye contact**
- Remove contact lenses.
- Rinse immediately with plenty of water, also under the eyelids, for at least 15 minutes.
- Obtain medical attention.

**If swallowed**
- Rinse mouth with water.
- DO NOT induce vomiting unless directed to do so by a physician or poison control center.
- Never give anything by mouth to an unconscious person.
- Seek medical advice.

**Most important symptoms and effects, both acute and delayed**
- First aider needs to protect himself.
SECTION 5. FIREFIGHTING MEASURES

Suitable extinguishing media: Use extinguishing measures that are appropriate to local circumstances and the surrounding environment.

Unsuitable extinguishing media: No information available.

Specific hazards during firefighting: Cool closed containers exposed to fire with water spray.

Hazardous combustion products: Carbon oxides (CO, CO2), nitrogen oxides (NOx), smoke and irritating vapours as products of incomplete combustion.

Further information: Prevent fire extinguishing water from contaminating surface water or the ground water system.

SECTION 6. ACCIDENTAL RELEASE MEASURES

Personal precautions, protective equipment and emergency procedures: Use personal protective equipment. Avoid breathing dust. Ensure adequate ventilation. Evacuate personnel to safe areas. Use the indicated respiratory protection if the occupational exposure limit is exceeded and/or in case of product release (dust). Material can create slippery conditions.

Environmental precautions: Do not allow uncontrolled discharge of product into the environment.

Methods and materials for containment and cleaning up: Prevent further leakage or spillage if safe to do so. Remove all sources of ignition. Soak up with inert absorbent material. Non-sparking tools should be used. Ensure adequate ventilation. Contact the proper local authorities.

SECTION 7. HANDLING AND STORAGE

Advice on safe handling: For personal protection see section 8. Smoking, eating and drinking should be prohibited in the application area. Use only with adequate ventilation. In case of insufficient ventilation, wear suitable respiratory equipment. Avoid contact with skin, eyes and clothing. Do not ingest. Keep away from heat and sources of ignition. Keep container closed when not in use.

Conditions for safe storage: Store in original container.
Containers which are opened must be carefully resealed and kept upright to prevent leakage. Keep in a dry, cool and well-ventilated place. Keep in properly labelled containers. To maintain product quality, do not store in heat or direct sunlight.

SECTION 8. EXPOSURE CONTROLS/PERSONAL PROTECTION

Components with workplace control parameters
Contains no substances with occupational exposure limit values.

Engineering measures: No special ventilation requirements. Good general ventilation should be sufficient to control worker exposure to airborne contaminants.

Personal protective equipment
Respiratory protection: Use respiratory protection unless adequate local exhaust ventilation is provided or exposure assessment demonstrates that exposures are within recommended exposure guidelines. Respirator selection must be based on known or anticipated exposure levels, the hazards of the product and the safe working limits of the selected respirator.

Filter type: organic vapour filter

Hand protection
Material: neoprene, nitrile, polyvinyl alcohol (PVA), Viton(R).
Remarks: Chemical-resistant, impervious gloves complying with an approved standard should be worn at all times when handling chemical products if a risk assessment indicates this is necessary.

Eye protection: Wear face-shield and protective suit for abnormal processing problems.

Skin and body protection: Choose body protection in relation to its type, to the concentration and amount of dangerous substances, and to the specific work-place.

Protective measures: Wash contaminated clothing before re-use. No special protective equipment required.

Hygiene measures: Remove and wash contaminated clothing and gloves, including the inside, before re-use. Wash face, hands and any exposed skin thoroughly after handling.

SECTION 9. PHYSICAL AND CHEMICAL PROPERTIES
### Appearance
viscous liquid

### Colour
Colourless to light yellow.

### Odour
Mild petroleum oil like.

### Odour Threshold
No data available

### pH
No data available

### Pour point
-18 °C (-0.40 °F)

### Boiling point/boiling range
No data available

### Flash point
211 °C (412 °F)
Method: Pensky-Martens closed cup

### Auto-Ignition Temperature
350 °C (662 °F)

### Flammability
Low fire hazard. This material must be heated before ignition will occur.

### Upper explosion limit
No data available

### Lower explosion limit
No data available

### Vapour pressure
No data available

### Relative vapour density
No data available

### Density
0.8655 kg/l (15 °C / 59 °F)

### Solubility(ies)
Water solubility: insoluble

### Partition coefficient: n-octanol/water
No data available

### Viscosity
Viscosity, kinematic: 35.2 cSt (40 °C / 104 °F)

5.69 cSt (100 °C / 212 °F)

### Explosive properties
Do not pressurise, cut, weld, braze, solder, drill, grind or expose containers to heat or sources of ignition.

### SECTION 10. STABILITY AND REACTIVITY

Possibility of hazardous reactions: Hazardous polymerisation does not occur. Stable under normal conditions.

Conditions to avoid: No data available

Incompatible materials: Reactive with oxidising agents, acids and alkalis.
Hazardous decomposition products: May release COx, SiOx, aldehydes, smoke and irritating vapours when heated to decomposition.

SECTION 11. TOXICOLOGICAL INFORMATION

Information on likely routes of exposure
- Eye contact
- Ingestion
- Inhalation
- Skin contact

Acute toxicity

Product: Acute oral toxicity
Remarks: No data available

Product: Acute inhalation toxicity
Remarks: No data available

Product: Acute dermal toxicity
Remarks: No data available

Skin corrosion/irritation

Product: Remarks: No data available

Serious eye damage/eye irritation

Product: Remarks: No data available

Respiratory or skin sensitisation
No data available

Germ cell mutagenicity
No data available

Carcinogenicity
No data available

Reproductive toxicity
No data available

STOT - single exposure
No data available

STOT - repeated exposure
No data available

SECTION 12. ECOLOGICAL INFORMATION
Ecotoxicity

**Product:**
- Toxicty to fish
  - Remarks: No data available
- Toxicty to daphnia and other aquatic invertebrates
  - Remarks: No data available
- Toxicty to algae
  - Remarks: No data available
- Toxicty to bacteria
  - Remarks: No data available

Persistence and degradability

**Product:**
- Biodegradability
  - Remarks: No data available

Bioaccumulative potential
No data available

Mobility in soil
No data available

Other adverse effects
No data available

---

### SECTION 13. DISPOSAL CONSIDERATIONS

**Disposal methods**
- Waste from residues
  - The product should not be allowed to enter drains, water courses or the soil.
  - Offer surplus and non-recyclable solutions to a licensed disposal company.
  - Waste must be classified and labelled prior to recycling or disposal.
  - Send to a licensed waste management company.
  - Dispose of as hazardous waste in compliance with local and national regulations.
  - Dispose of product residue in accordance with the instructions of the person responsible for waste disposal.

---

### SECTION 14. TRANSPORT INFORMATION

**International Regulation**

- **IATA-DGR**
  - Not regulated as a dangerous good

- **IMDG-Code**
  - Not regulated as a dangerous good

**Transport in bulk according to Annex II of MARPOL 73/78 and the IBC Code**

Not applicable for product as supplied.
49 CFR
Not regulated as a dangerous good

TDG
Not regulated as a dangerous good

Special precautions for user
Not applicable

SECTION 15. REGULATORY INFORMATION

OSHA Hazards : No OSHA Hazards

The components of this product are reported in the following inventories:

- DSL On the inventory, or in compliance with the inventory
- TSCA All chemical substances in this product are either listed on the TSCA Inventory or are in compliance with a TSCA Inventory exemption.
- IECSC On the inventory, or in compliance with the inventory
- EINECS On the inventory, or in compliance with the inventory

SECTION 16. OTHER INFORMATION

Further information

NFPA: Flammability

Health 1 0

Instability Special hazard.

HMIS III:

- HEALTH 1
- FLAMMABILITY 1
- PHYSICAL HAZARD 0
- PERSONAL PROTECTION B

0 = not significant, 1 = Slight, 2 = Moderate, 3 = High, 4 = Extreme, * = Chronic
